

## INVITATION

### Simulation Accuracy for Plastics and Rubber Production

The working group will keep the kick-off meeting on Tuesday 8<sup>th</sup> of July in San Sebastian, Spain.

The meeting is open for the industry and takes place in Facultad de Químicas de San Sebastián (Sala de Juntas) from 9:30 to 13:30h.

The program includes the following themes.

- Presentation of the situation today and the technically leading plastics and rubber simulation software CadMould
- Experiences of the simulation accuracy and discussion about the state-of-the-art approximations
- Plans to add accuracy in simulation
- The possibilities of the industry to participate in the development work
